Subject: FINAL CLOSURE DEMONSTRATION REPORT DECISION FOR
SOUTHERN CALIFORNIA EDISON, SAN BERNARDINO GENERATING
STATION, REDLANDS, CALIFORNIA (EPA ID. NO. CAD 000 631 150)

The Department of Toxic Substances Control (DTSC) is approving the Closure Demonstration Report, dated May 23, 2006 for the Wastewater Retention Basin at the Southern California Edison, San Bernardino Generating Station (SCE). The SCE is located at 2492 (formerly 25770) San Bernardino Avenue in the city of Redlands (formerly in the city of San Bernardino).

On June 8, 2006, DTSC issued a public notice to receive comments on the proposed Closure Demonstration Report and a California Environmental Quality Act Notice of Exemption for SCE. The 30-day comment period began on June 8 2006 and ended on July 7, 2006. DTSC did not receive any comments during the public comment period.

The Closure Demonstration Report proposed the closure of the Wastewater Retention Basin without any further action. With the approval of the Closure Demonstration Report, DTSC is also acknowledging the completion of closure activities for the Wastewater Retention Basin at SCE.

If you have any question, please contact Ms. Chia-Rin Yen, Project Manager, at (818) 551-2182.

Sincerely,

José Kou, P.E., Chief
Southern California Permitting and Corrective Action Branch
Hazardous Waste Management Program
